

MEDICAID AND SNAP CUTS UPDATE!

Congress passed a budget reconciliation package (H.R. 1) that changed public benefits, tax, education, and many other programs. This factsheet outlines what reduced federal spending means for healthcare and food assistance, and supports for refugees and asylees who are in the U.S. legally.

WHAT'S ON THE TABLE?

The biggest Medicaid and SNAP cuts ever, stripping health care from 15 million people and cutting SNAP by \$25+ a month for 5.3 million families. H.R. 1 does not extend the enhanced premium tax credits that make coverage through the ACA affordable.

KEY MEDICAID PROVISIONS

Impact on State Budget: \$1.1 Trillion subtracted from the federal government's Medicaid budget over 10 years means an estimated \$7 Billion (7%) decrease in federal funding to Tennessee over the same period.

POLICY CHANGES
