ABOUT TENNESSEE JUSTICE CENTER

Tennessee Justice Center (TJC) is a 501(c)(3) non-profit organization working to secure the basic necessities of life, including health care and nutrition, for Tennessee’s most vulnerable children and families.

OUR VALUES

Tennesseans share the belief that all our neighbors have value and dignity, and all deserve the opportunity to thrive. Our laws and public policy should reflect these shared values.

★ All Tennesseans, regardless of income, race, disability, age, or illness should have access to care and services they need to live full, independent lives and avoid financial ruin.

★ Those facing hard times or unimagined obstacles should have necessary tools and support to rebuild their lives.

★ Our communities, our businesses, and our health care infrastructure are stronger when everyone has access to basic necessities like affordable health care, adequate nutrition, and other support they need to be healthy and thrive.

TJC works with others to foster strong communities that honor the dignity and potential of every Tennessean.
OUR VISION

Tennessee can be a state which honors the inherent dignity and desire for opportunity for all its residents.

Together, we can build a state that reflects these common values and ensure that all Tennesseans have access to opportunity and lives of dignity.

When all Tennesseans have the opportunity to thrive, all of our communities will be stronger.

“After 6 months of fighting to access prenatal care that my baby’s life depended on, I was so happy to find TJC. Knowing someone was there to help and get me covered again was like a weight taken off of me.”

—Courtney, 2019 TJC Mother of the Year

“Through its advocacy for vulnerable Tennesseans, TJC has made our legal system more just, our community more compassionate, and our government institutions more accountable. This small public-interest law firm...has an outsized effect on the quality of life in Tennessee.”

—the late Justice E. Riley Anderson

The Tennessean, February 2011
Ask the average person to list nonprofits in Tennessee, and you’ll get a sampling of the usual suspects ... But hone the question a little: Which Tennessee-based nonprofit is the most conspicuous and has directly affected the welfare of more Tennesseans? The Tennessee Justice Center, of course.”

—Business TN, March 2005
